

VETO MAY BALK PROPOSED VISIT OF CONGRESSMEN

Governor Believed Likely To
Smash Bill Carrying Appropria-
tion To Pay Expenses

OPPOSITION DEVELOPED IN KAUAI DELEGATION

Norman K. Lyman Also Kicks At
"Paying Fares of Both Breck-
ons and Kuhio"

The bill appropriating \$40,000 for the expenses of a congressional trip to Hawaii will in all probability fail of becoming law and the trip will be killed according to developments in the legislature yesterday.

The Governor has announced, it is authoritatively stated, that he will veto the bill if it is passed. Why he will do so remains one of the deep, dark mysteries of the Great Silence. It was understood even before the legislature convened that Pihlak had his axe sharpened for the bill, but at that time both Speaker Holstein and President Chillingworth were confident that they would have enough votes to pass the bill over the gubernatorial veto comfortably.

But opposition unexpectedly developed. The bill, Speaker Holstein said, was sent down to the house of representatives. It passed first and second reading and was called up on third reading Wednesday. Kawewehi promptly moved to defer consideration until tomorrow. The only reason he gave was that some of the members were absent.

Yesterday the bill was again deferred, until tomorrow morning. Later it developed that the Kauai delegation was opposed to the measure, on the ground, it is said, that Kauai doesn't get anything from the federal government and doesn't want anything; therefore it doesn't want any of the rest of the Territory to get anything.

There is also opposition to the bill on the part of some members of the Hawaii delegation. Norman K. Lyman stated yesterday afternoon that he was opposed to spending \$40,000 to bring a big delegation of congressmen and others to the Islands. "If we could have just ten or twelve of the really big men of congress, he said, at a reasonable expense, I should not object. But part of the money, if the bill is passed, will be used to bring Kuhio and Jack Desha and Bob Breckons back from Washington. I'm against that kind of thing." It is not expected that the opposition will be sufficient to prevent the passage of the bill by the house. But there is grave doubt that the friends of the measure will be able to muster enough votes to pass it over the Governor's veto.

In the meantime, Speaker Holstein has wireless Delegate Kuhio, asking whether or not there is any chance of the congressional party being ready to come to Hawaii before July 1. Under the terms of the bill the appropriation lapses on that date, and the speaker says there is no use in tying up \$40,000 uselessly.

ISLAND OF LANAI BOUGHT BY BALDWIN

The island of Lanai has been purchased by F. F. and H. A. Baldwin, according to an authoritative announcement made yesterday. The new owners, it is stated, intend to turn the island into a big cattle ranch.

The price paid is said to have been \$588,000. For this consideration the Lanai company turns over to the Baldwins all the stock of the company and the fee simple. The stockholders of the selling company were Cecil Brown, Frank E. Thompson, J. T. McCrosson, Hockford & Company and C. Q. Yee Roy.

Negotiations for the sale of the property had been in progress for several months, and several times in the past it was reported that the island had been sold, the supposed purchasers being some of the pineapple interests.

DELAY OF BUDGET FROM GOVERNOR IS WORRYING SOLONS

Members of the finance committee of the house and senate of the legislature are becoming considerably worried over the failure of the Governor to submit his budget, and fears are being expressed that if the Governor procrastinates much longer it will be impossible to finish the work of the legislature within the limit of the sixty days prescribed by law. In that event, the legislators would have to work overtime without pay, a calamity greatly to be dreaded.

It is the general rule that work shall begin upon the appropriation bill almost as soon as the legislature is organized and settles down to business. But nothing along this line can be done until the budget is received from the Governor and the finance committee of the house, which has charge of the preparing of the bill, knows what is expected and what it has to work on and with.

Governor Freat always made it a rule to get his budget down as soon as possible after the legislature convened, which greatly expedited the work. But, as a member of the finance committee of the house pointed out yesterday, Governor Pihlak has not seen fit to follow this example.

To date the Governor has descended upon the legislature and read to its members what purported to be two messages. Both of them reeked with figures, but nowhere in either of them did His Excellency indicate what appropriations are expected of the legislature. "Why can't he send us that budget, instead of wasting our time reading down here and reading us meaningless messages?" complained one member of the finance committee of the house yesterday.

And echo resounded through the legislative corridors: "Why?"

Brilliant Tennis Played By Winner In Championship Sets

In four well-played sets, Mrs. George T. Coulter won the Island tennis singles championship at Kapiolani Park yesterday afternoon, defeating Miss Maile Vicens, 6-3, 2-6, 5-6, 6-1. Mrs. Coulter's victory was expected, but the fine fight made by the youthful Miss Vicens, who is only sixteen years old, made the match unusually interesting. The tide of success turned again and again from one to the other. After losing the first set, Miss Vicens rallied splendidly and by brilliant play took the second rather easily. She got a good lead in the third set, but Mrs. Coulter, playing steadily and calmly, fought ahead. Double faults had much to do with Miss Vicens' defeat. It was a double fault that cost her the last game of the third set. In the fourth set, the last one necessary as it gave Mrs. Coulter three, Miss Vicens was unable to stem her opponent's play. In this set the new Island champion was at her best of the afternoon.

Of the two, Miss Vicens played the more spectacular tennis. A backhand cross stroke in the second set was the best single play of the day. Mrs. Coulter did not drive as she usually does, preferring to lob much of the time. A reason for this may have been a bad wind that whipped the court, making driving uncertain. In the last set, however, she played a faster game.

The match was one of an experienced, calm player against a young star. Miss Vicens was nervous and overexcited at times, but the resiliency of youth enabled her to recover rapidly.

The first game of the first set was won by Mrs. Coulter easily. Miss Vicens, past her first nervousness, took the next three games, and Mrs. Coulter countered by taking five for the set. Play in this set principally was on the back court, neither going to the net much.

In the second set Miss Vicens, although she had committed frequent double faults in the first, had the courage to continue a fast, high serve, and she improved it greatly. It contributed markedly to her victory in this set, which she took, 6-2. Miss Coulter began to not frequently in the last game, and to drive outside, and the set ended with Miss Vicens apparently a probable winner.

Miss Vicens continued winning in the third set, taking the first two games. Mrs. Coulter began to regain the command and lobbied over Miss Vicens' head to marked advantage. The best fought game of the match was the fifth, the deciding point being featured by fast net work. Miss Vicens particularly making brilliant returns and reverses.

In the sixth game Miss Vicens again committed a double fault, and netting frequently. Mrs. Coulter, while not driving, used a different underhand stroke, and outgained Miss Vicens, who, however, recovered brilliantly at times.
